POLITICAL PARADE

By CLEM WHITAKER

Will California, despite its predominantly Democratic registration, go Republican at this year's presidential election?

Nationally, as well as locally, that has become a query to conjure with—the $64 question of the political quiz programs.

For not as Maine goes, but as California goes, may go the nation in 1944's momentous elections!

That interpretation is not simply an outcropping of local pride. Rather, it is the considered opinion of many of the nation's most astute political observers in both major parties.

Under one set of circumstances, as this writer views it, the answer to the moot question—"Will California go Republican in 1944" — is: Definitely YES! Under another possible set of circumstances, the answer is: MAYBE, but a somewhat dubious "maybe." But before the $64 question is analyzed and pondered, the reason for California's sudden emergence into the national spotlight should be studied.

Four facts have contributed to California's strategic position in the forthcoming presidential election: 1. California's gain of more than a million in population, with the result that this state now ranks as one of the nation's "big five" in voting strength. 2. Governor Earl Warren, whose popularity in California crosses party lines—and who has acquired a good measure of national stature. 3. The increasing probability of a neck and neck race, nationally, as reflected in all current surveys, with the West debatable territory — and likely to hold the balance of power. 4. The growing determination of the West to gain recognition in Washington, even if it means putting Western needs first and party preferences second.

Now to return to the $64 question. If Governor Warren becomes the nominee of the Republican party for vice president — and there is at least a 50-50 chance he will be nominated, even though he may be against it—California in this writer's opinion, will go Republican in November. And a majority of the western states will follow suit—voting a western, rather than a Republican, ticket! The same answer would apply if the unexpected happened and Mr. Warren emerged the nominee for president.

If Governor Warren isn't on the ticket, however, California will be a bitterly-contested battleground and may go either way, depending on still unknown facts. And the rest of the west, for the most part, will be in the same category.

Incidentally, no less an authority than Attorney General Robert W. Kenny, chairman of the Roosevelt campaign committee in California, has half-confirmed this forecast by saying: "If the Republicans should make Governor Warren their nominee for President, I think the President would have a tough time and a hard fight to carry California."

NOTICE

It is urgently requested that all items to be published in the Campbell Press to be in the office by Wednesdays not later than 5 p. m., if possible, due to rearrangement of time schedules of the staff. Time limits the amount of items that can be set up on Thursday.

Marilyn Lee Williamson Bride of C. E. Harris

The community room of the library building was the attractive setting for a marriage ceremony that united two Campbell young people, Marilyn Lee Williamson and Carey E. Harris.

The service was performed at 3 o'clock Sunday afternoon by the Rev. J. H. Bennett in the presence of about fifty relatives and friends. Preceding the rites, Mrs. Dorothy Rich sang "For You Alone" by Henry Geehl. Her accompanist was Mrs. Dorothy McGinty of San Jose. True S. Tourtillott of Mountain View played the wedding march.

The bride, youngest child of Mr. and Mrs. Wayland W. Williamson of North Second street, had chosen a soldier blue suit which she accented with brown accessories, and her flowers were a white orchid corsage.

The benedict, son of Mr. and Mrs. Carey Williams of North Harrison avenue is a machinist first class, navy, and is stationed at San Ysidro.

Mrs. Ruby Lockard of Mt. View was her sister's attendant and she wore navy blue and her corsage was of pink carnations, and performing the duties of best man was the groom's brother, Paul Harris.

Immediately following the ceremony the couple greeted their friends at a reception in the hall and later there was a dinner for the relatives at the home of the bride's parents.

Other relatives in attendance were the parents of the young couple, the bride's brother and wife, Mr. and Mrs. Stewart Williamson, and cousins of the groom, Mr. and Mrs. Henry Heimark.

The young people left Sunday night by auto for San Ysidro where they had a place awaiting them.

Robert Howe, who had his ground work in the air corps at Lincoln, Nebr., has been graduated at Ingelwood, California. Coming home Saturday, he left Wednesday night for Mississippi. Robert graduated from Campbell high in the class of '41.

Mrs. Robert Weaver Hostess At Shower Sat.

Mrs. Robert Weaver was hostess to a group of friends Saturday afternoon at her Milton avenue home at a luncheon and pink and blue shower in honor of Mrs. Richard Knappen.

The guests were seated at prettily appointed tables for the luncheon, after which the guest of honor opened her many dainty and lovely gifts. Whist was enjoyed for the remainder of the afternoon with Mrs. Ethan Lanphear and Mrs. Travis Bowdoin winning high and low score prizes.

Added attraction of the afternoon was the autographing by the guests of a small white cloth elephant, made by the hostess.

Invited guests were Mesdames Ray Mathis, Jerome Lind, Travis Bowdoin, Paul Becker, Budd Levenberg, Jack Burns, Ralph Nelson, Walter Silberbauer, Brice Whitmore, Gene Hodges, Lowell Benson, Junice Lindgren, Ethan Lanphear, Jack Murdock, and the Misses Martha Parr and Florence Smith.

WAC to be Guest At Sigma Meeting

Corporal Barbara Davis will be the honored guest at the March 14 meeting of Sigma Sigma. Mrs. R. C. Page is hostess for the evening with Mrs. Franklin Blaine as co-hostess, assisted by Mrs. Gilbert Newcomb and Miss Hancie Naylor. A social evening is planned to do honor to Corporal Davis. She is a member of Sigma Sigma now serving with the WAC.

Save Paper for Uncle Sam

Clubbers' "Gay Nineties" Party Draws Crowd

An attendance of more than 100 marked the "gay nineties" party given by the Country Woman's club for members and their husbands in the club house Monday evening. Dressed in the spirit of the nineties, the old time costumes lent a colorful air to the party.

The hall and tables were lighted by kerosene lamps with old time photographs gracing the mantel and the piano.

A delicious hot dish dinner was served at 6:30.

Following the dinner Mrs. Willard Van Dyke gave a few brief announcements and turned the meeting over to Mrs. Joseph Agostinho who announced the program in the absence of Mrs. Ralph Hyde.

Group singing was enjoyed when the old favorites were led by Mrs. C. P. Klassen with Mrs. David Rutherford at the piano.

Dorothy Lee Rich and Jack Brown were introduced and received hearty applause for their solos and duets. Both are members of the San Jose Light Opera company.

Clarinet solos by Claude Grizzle, accompanied at the piano by Marcelene Benech, were well received.

A "barber shop" quartet composed of Jack Murdock, Don Baldwin, C. P. Klassen and Manuel Vierra, recalled old times as they rendered long-ago tunes.

Mr. and Mrs. Van Dyke led the grand march, parading the costumed contingent past the judges' stand. Mrs. Guy Farley was the choice for the most appropriately outfitted lady, and Herbert M. Shadle

(Continued on Page 3)

W. G. Smily Cited By U.S. Air Corps For Fine Work

The many friends of W. G. Smily will be interested to learn an item of news that has reached the Press. He has received a citation from the Air Corps and a decoration pinned on by the commanding officer.

The citation reads in part, "It is with deep and full appreciation of this honor, that the command hereby notifies the recipient that he has been designated to receive the Army Air Forces emblem of satisfactory service to the United States of America, . . . "By your devotion to duty you have aided materially the war effort of the United States of America."

Garden Forum Plans Meeting For Saturday

A delightful program has been arranged by Mrs. Bertha Rice and members of the San Jose Garden Forum for Saturday afternoon in the Silver room of the St. Claire hotel, from 3 to 5 o'clock.

Mabel Dana Lyon, author of several books, and whose latest, "It's My Own Funeral" is just off the press, will be the speaker of the day. She will discuss her latest work which is in progress, entitled "Swing Shift." It is based on her own experiences as a defense worker for the past ten months, and she will also tell some of her more interesting experiences as a writer.

Mrs. Ruth Comfort Mitchell will give the opening remarks and introduce Mrs. Lyon.

The musical numbers will be two songs recently composed by Mrs. William P. Butler, "Air Marines" and "Our Men In Service."

Anyone here wishing to attend may make reservations by Friday with Mrs. Lloyd Selig.

Sgt. Buck Home on Furlough

Sgt. Lucius Buck is stationed at the Armed Forces Induction Station, in Santa Fe, New Mexico, where he is the senior enlisted man in the psychological testing department. His duties consist chiefly in testing inductees for literacy and in giving further tests to those found to be illiterate. Since many of the men inudcted in New Mexico speak Spanish rather than English, Sgt. Buck speaks Spanish most of the time he is on duty.

Sgt. Buck enlisted in the Army just a little over 20 months ago and has served all of that time in the New Mexico Recruiting & Induction District. For several months he traveled throughout the entire state with the Aviation Cadet Examining Board, was a WAC recruiter, and since last June has been in his present department. This is his second furlough to California.

New Members Inducted In Local Kiwanis Club

Three new members were inducted into the Kiwanis club Tuesday by the education committee.

After the opening of the meeting by President Herbert Shadle the ceremonies were conducted by Ira Abbott, chairman of the committee, and Dr. W. R. Morgan, W. H. Van Dyke, J. E. Murdock, and G .E. Farley.

The program was divided into several parts, the opening talk being made by Farley, who explained the rules of attendance. Dr. Morgan followed with a short history of Kiwanis locally and internationally.

Lt. Governor Van Dyke gave a talk on the aims and objectives of Kiwanis, both in general and as they are in prospect for the coming duration years.

Murdock, a past president of the local club, told the pertinent facts about each of the new members being inducted, Orin Bell, J. Howard Payne, and Fred Jones.

Ira Abbott in his capacity as chairman extended the official welcome into the club and membership pins to the inductees.

Visitors were Pfc. Robert Ferro and Cpl. Paul Miller.

Next Tuesday Mr. Ray E. Oberg, Santa Clara county gas ordinance inspector, will be the guest speaker, with Joe Agostinho as chairman.

Training With WAVE at New England Base

Marjorie Louise Robertson, daughter of Mrs. Eva Bachman, who joined the WAVE is training at officers school in Northampton, Mass. On completion of the course in April she will receive an ensign's commission and be reassigned to active duty. She was recommended by her commanding officer at the Treasure Island training center where she was a yeoman second class.

Before enlisting in the WAVE, Mrs. Robertson was an invoice clerk for the American Can company.

Her husband, John B. Robertson, is an engineer with the U. S. Maritime commission.

Sigma Serving At USO Hut

Members of Sigma Sigma served at the USO hut today, March 9. Those making sandwiches were the Mesdames David W. Ribble, Oliver C. Jensen, David A. Sanders, John P. Duncan, Worthin Grattan, R. C. Page, John R. Pollard, Hans E. Hansen, and Miss Rachel Spradling. Serving were Mrs. H. F. Evans, Mrs. Jensen, Mrs. D. Kenneth Robison, Miss Elsa Fetsch, Mrs. E. R. Thompson, Miss Dorothy Merriman, Mrs. Roy Stoner, Mrs. Duncan and Miss Spradling.

QUIETNESS

Around the great issues of life there is quietness. Silence characterizes the highest art and the deepest nature. The surest spiritual search is made in silence. Moses learned in Midian and Paul in Arabia that which would have eluded them in the busy haunts of men. Behind all great creativeness is silence.

Silence reaches beyond words. The highest point in drama is silence. The most valid emotions do not cry aloud. The most effective reproof is not a tongue-lashing. The most poignant grief is not expressed in wild shriekings. The sincerest sympathy is not talkative. The deepest love is not noisy. The finest comradeship does not need many words.

The best answer to an ill-tempered letter is silence. The best preparation in an emergency is quietness. In the British Navy, whenever any disaster occurs, it is the bugler's duty to play "The Still"—and every man's duty is to remain perfectly quiet for a moment—collecting his senses in preparation for intelligent action.

The best proof of greatness is silence. The great engine is almost noiseless, but the cheap model is a "rattletrap." Loud mouths and loud clothes tell their own story. The best proof of conservation is silence. Noise means friction, which means waste. The best proof of confidence is quietness. The man who is sure of his position does not strive, nor cry aloud, nor try to explain everything. The best proof of success is quietness. In the Parable of the Talents the successful man made his report in 14 words. The other man took 42 words to explain his failure.

Every day ought to have a time and a place and a mood for quietness. Otherwise we are making it as hard as we can for the Power that would build us. The best spent time is time spent in trysts with the Eternal.

THAT MAKES IT UNANIMOUS

Republican members of congress have taken the initiative in bringing about a revision and simplification of the complicated federal income tax forms with which taxpayers are now struggling.

Democratic Chairman Doughton of the House Ways and Means committee wants "above everything a simplification of the tax laws." Taxpayers who have received the voluminous blanks to be filled out for the income tax return on March 15 will agree wholeheartedly.

Blanks in the past have been sufficiently complicated, and they have been growing more and more complicated every year. But the 1944 product equals all that has gone before, plus additions that were never dreamed of before this 12th year of the New Deal.

One taxpayer writes that he does not object to the money he has to pay in income tax, because he knows the Government needs it and he feels that he should pay to the limit of his ability, but admits that he is "harassed, puzzled, indignant, flustered, annoyed, vexed, fretted, plagued, tormented, molested, tantalized, perplexed, chafed, galled, badgered and agitated, not to mention disturbed—when I read and try to understand the Internal Revenue Bureau's tax return form 1040."

ADDITIONAL MILEAGE

Our confidence in astronomers has been shattered! For years they have told us that the sun is 93,000,000 (count 'em) miles from the earth—or vice versa. Well, it isn't. It is 93,005,000 miles away.

However, as long as the additional 5,000 miles has nothing to do with our gasoline mileage, we won't worry too much about it just now.

U. S.—MOST WASTEFUL NATION

A great deal has been said and manuscripts have been written concerning the post war advent of newly developed materials for houses, furniture, automobiles, tools, clothing, and even food.

The promises are exciting and anticipation of the coming wonders is keen, for Americans revere the new and modern, and by the same token have small regard for the obsolete.

It is questioned, nevertheless, whether many of the materials considered important enough to salvage during war time are not sufficiently important to utilize practically in peace as well. Bombs and ammunition will not be needed after the shooting stops, but it would seem plausible that some civilian use might be found for many of the precious things the nation has been saving from the waste bins by millions of tons for war uses. If it is gross waste today to discard paper, rubber, leather, bones, fats, metals, wool, silk and cloth scraps, then it must constitute a loss of some kind to throw those things in the furnace at any time.

Britain always a less improvident nation than this, has found the results of its "war on waste" so valuable that salvage will become a permanent feature of post-war industry. Methods have been perfected to recondition carbon paper; coal dust is made into briquettes for English hearths; soot is used profitably as fertilizer; and ten new uses have been found for sawdust.

The average householder knows little about that type of salvage, but he is wondering today about the peacetime possibilities of the kind he learned during the war. He has never cared much anyhow for the dubious designation America has earned as the "most wasteful nation on earth." The title has won us no particular respect among nations, and it would be a pleasant riddance to shuck it off if possible.

WOMEN ON THE JOB

On January 1, Uncle Sam's military "family" had a membership of 9,160,000 men. This vast number has been assembled from every section of the country and from every walk of life.

The man who used to drive a taxi in New York is now driving a tank in Italy. The chap who used to pump gas in a service station in Omaha is now pumping lead at the Japs in the South Pacific. The fellow who used to handle bonds in a San Francisco bank is now "handling" bombs in the air over Germany.

The withdrawal of this huge number of men from civilian life has left gaps in the ranks of business that have not been easy to fill. This is especially true in some companies which have lost a third or more of their entire staff.

But American women are doing a creditable job of filling in these gaps. In the banking field they are helping to provide business, industry and the public with banking services essential to the war effort. This is no small contribution on the part of women when it is realized that in the case of California's largest bank alone over 3,200 men out of a staff of 10,000 are now serving in the armed forces.

The need for women in banking and in other lines will increase now that Uncle Sam is calling for a still greater number of men to shoulder arms. But we can be sure that our feminine business "army" will carry on.

A PEOPLE'S TAX

Senator Byrd of Virginia recently declared: "There was a time when the Federal income tax was called a rich man's tax; the masses believed that they would benefit and that the wealthy would pay the bill. Today all that has changed. From now on our Federal expenditures will be traced directly to tax burdens in the lower-income brackets, it being estimated that fifty million people will now file income tax returns. The secretary of the treasury must have had a similar idea in mind when he stated: 'For the first time in our history the income tax is becoming a people's tax'."

CAMP FIRE GIRLS

The Campbell Camp Fire girls and Bluebirds took part in the church services at the Congregational church last Sunday. The Camp Fire law was led by Alberta Paullus, the Bluebird wish by Edith Olsen, and the Camp Fire Orchestra by Lois Smith. Two pieces were played, March of the Crusaders Traditional, and Nocturn by R. Shumann. The closing number was a prayer response, "Sheltering Flame," given by the group.

On Feb. 23 the Ikicaga group met to elect officers under the leadership of Mrs. Emily Roberts and Mrs. Ione Arthur. The officers chosen are Katharine Fuller, president; Betty Baker, vice president; Jeanne Currie, secretary; Marion Page, treasurer and Lois Smith, scribe. Plans were made, too, for the following meeting. This second meeting was held on March 1, with Betty Baker taking the president's chair. Both folk and ball room dancing were enjoyed after the business meeting for an honor credit.

The Ikicagas, on March 4, went in to San Jose to roller skate, but discovered the rink was closed. Although disappointed, the girls went to a movie and saw "Top Man" and "Fired Wife."

Williamsons to Move to Ranch In Humboldt County

Mr. and Mrs. W. W. Williamson of North Second street have purchased a ranch in Humboldt county not far from Garberville and will be leaving for their new home in a few days. Much of the ranch is in timber, with some acreage under cultivation and with a family orchard.

Their home here has been sold to Dr. W. I. Merrill and will be occupied by Mr. and Mrs. Fred Rost, who have sold their house on Campbell avenue.

Navy Recruiting "Cruiser" to Visit

Complete and first-hand information on three important branches of the Navy—on the programs for 17 year old youths, WAVES and Ship Repair units—will be brought to this area when a special mobile recruiting "cruiser" makes its appearance Friday March 10. It will be stationed on Campbell avenue from 12 noon until 6 p. m., according to Raymond G. Callaghan, recruiter in charge of the Navy recruiting station in San Jose.

Navy Recruiting personnel will be on hand to give interviews and answer all questions.

"At present," Callaghan said, "there are especially attractive Navy opportunities for 17 year old youths who are in their final senior semester."

Young women interested in the WAVES and men who would like to know more about the SRU's are especially invited to call at the cruiser.

Test for V-12 Training to be Held Here 15th

The third army-navy college qualifying test for the army specialized training program and the navy college program V-12 which will be given throughout the country on Wednesday, March 15, at 9 a.m., will be administered at the Campbell high school, W. H. Van Dyke announced today. A leaflet of general information which contains an admission - identification form may be obtained at the high school. This form properly filled out will admit to the test students between the ages of 17 and 21 inclusive who are high school graduates or who will be graduated by July 1, 1944. Intent to take the test should be made known immediately to Mr. Van Dyke in order that the necessary test supplies may be ordered.

The same examination will be taken by both army and navy candidates.

The army specialized training program at government expense is aimed to meet the army's needs for specialists and technicians in certain critical fields of study.

The navy college program also enables students to continue academic training at government expense.

Local War Loan Oversubscribed

William N. Lloyd, chairman, reports as the final figures for the Fourth War Loan Bond drive:

No.	Value
E - 1286	$ 72,075.00
F - 21	26,899.00
G - 37	39,500.00
Various Series	23,384.34
Total	$161,858.34

Campbell's quota of $145,000 was oversubscribed $16,858.34.

GASOLINE TAXES NOT DEDUCTIBLE

Gasoline taxes are not deductible items in making out federal income tax returns. State and federal gasoline taxes, however, are deductible on state income tax returns. Deductible items in connection with automobile ownership are registration fees, vehicle license fees, federal use tax, municipal taxes, state retail sales tax on automobile or accessory purchases, financing charges on automobile purchases which cover interest on the loan when specified in the contract, and the usual operating and maintenance costs for motor vehicles used in business.

Christian Science Churches

"The invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead." These words from Romans comprise the Golden Text to be used Sunday, March 12, in all Churches of Christ, Scientist.

The subject of the lesson-sermon will be "Substance."

Other Biblical selections and readings from the Christian Science textbook will be included in the service.

THE BOOK MARK

by marty

BOOK MARK ....

George Washington Carver, An American Biography By Rackham Holt.

George Washington Carver was born into this world the son of a black mother who was a slave. At the time of his birth slavery was abolished and his life was that of a free Negro. Free though he was, his color brought hard knocks and handicaps so immense that his triumphs in conquering them were hard won. Born with a desire to learn, to act and to make the world better for his race, he was true to his heritage from birth to death.

Mr. Holt has written the life of this great American with simple sincerity and forceful clarity. In relating Dr. Carver's struggles and successes, the author has given to his readers a fine example of human accomplishments embodied in the soul of an American Negro.

Let us here give you but one or two incidents related in the book that will give you an idea, though small in scope, of the greatness of Dr. Carver's character.

"In November 1885 a request came to President Beardshear from Westside, Mississippi, for Carver to join the faculty of the land-grant college of Mississippi—Alcorn Agricultural and Mechanical College. President Beardshear was cautious in his reply: "Mr. Carver has admirable tact and is universally liked by faculty and students. He is a thorough Christian gentleman and gives good promise of marked scientific usefulness in his chosen work. We would not care to have him change unless he can better himself." He inquired as to the salary offered and the nature of the work. Please send me a copy of your latest catalog and courses of study. In case your position proves desirable we can give him iron-clad recommendations."

"Booker T. Washington believed . . . that the farmer must be taught to think along the lines in which science had shed light upon his art. Agriculture being the root, trunk, branch, and twig of the southern economic system, it was essential that just the right man be in charge of putting the Agricultural Department at the Tuskegee Normal and Industrial Institute on a scientific basis. On April 1, 1896, he asked Carver to join the faculty in that capacity, at a salary of fifteen hundred dollars. In reply Carver wrote:

Of course it has always been the one great ideal of my life to be of the greatest good to the greatest number of "my people" possible, and to this end I have been preparing myself for these many years; feeling as I do that this line of education is the key to unlock the golden door of freedom to our people."

Dr. Carver's "one great ideal" is beautifully, with warmth and understanding, related as an actuality. Mr. Holt's story is an epic of modern America.

ST. LUCY'S CHURCH
Third and Rincon
Father J. Ryan
Father R. Reali, Asst.

9:30 a. m. Saturday—Sunday school.

9:00 a. m. Sunday Mass.

Mario Palermo, lyric tenor, appearing as the "Duke of Mantua" in Rigoletto at San Jose Civic auditorium March 13.

"Rigoletto" to be Sung San Jose Auditorium March 13

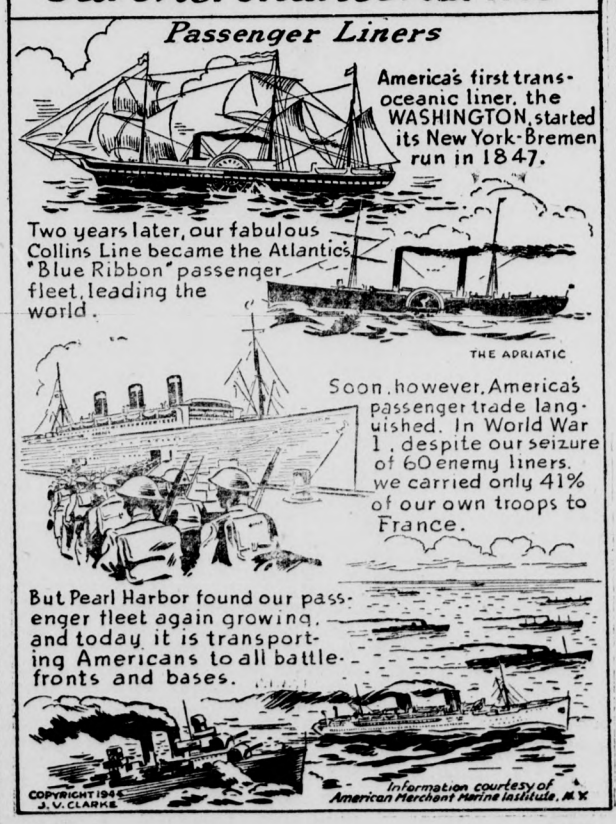
"Rigoletto," sung by the San Carlo Opera company, will be heard in the San Jose civic auditorium on next Monday evening, March 13. Complete with principals, chorus, orchestra and ballet, the Verdi opera will be given an excellent performance, such as moved the Chicago Tribune to say " . . . singing worthy of any of the world's finest opera houses." The famous "Caro Nome," which has been sung by Patti in 1861, and then by Sembrich, Melba, Galli Curci, Pons, will be in the hands of Lucille Meusel, whose voice has been declared the equal of any coloratura of the "Met." The other famous melodies: "La donna e mobile," in which Caruso made his debut, the Quartette, etc, will be sung by Mario Palermo as the Duke, Marie Powers as Maddalena, Ballarini as Rigoletto, and Arthur Anderson as Sparafucile.

Nelson Eddy, whose life is an American success story, sings for the San Jose Concert Series on Tuesday evening, March 21. Born of Puritan parents, the baritone was a telephone operator at eight dollars a week when he was fourteen, having had to quit school and go to work. Successively copy desk boy, reporter and advertising man, Eddy won a competition for appearance in "Aida" in Philadelphia, at the Academy, and electrified his audience with his magnificent voice. From then on his rise to fame was spectacular.

The Baccaloni Opera company on Friday evening following, March 24, presents "The Barber of Seville," starring Baccaloni himself, the greatest comic actor and bass of the century. Toscanini engaged him for the La Scala opera in Milan when he was very young. He has sung comedy roles with every great opera company of the world, and has no rival in his art.

Tickets for both operas and for Nelson Eddy are on sale at the Denny-Watrous box office, Columbia 7087.

Our Merchant Marine



Missionary to Tokyo at Campbell Church Sunday

The public is invited to hear Miss Grace Farnham at the Congregational church Sunday evening at 7 o'clock. Miss Farnham was a missionary teacher of the Christian church in Tokyo and returned to America with the internees on the Gripsholm. She has been resting and recuperating with relatives in Oregon since her return and is now visiting here at the home of her brother, E. L. Farnham, and family.

GAY NINETIES PARTY

(Continued from Page 1)

carried off honors in the men's division.

From the grand march, the assemblage swung into waltzing, with Mr. and Mrs. Roy G. Archibald carrying off honors for their dancing.

Much credit for such a successful evening goes to the committee in charge which included Mesdames Ralph H. Hyde, George Husted, Worthin Grattan, Klaude Block, Hubert,Wagner, B. T. Morgan, Frank Sheperd and Miss Jessie Lewis.

The next meeting of the club will be held Monday the 20th instead of the 29th as listed in the program. Dr. Gertrude Witherspoon will be the speaker, her subject being "Science and Beauty."

Fulton Lewis in San Jose Mar. 19

The San Jose unit of Pro America will present Fulton Lewis, Jr., nationally known commentator and news analyst, Sunday afternoon March 19, at 2:15 p. m. in the Civic Auditorium in San Jose. This will be the only appearance of Fulton Lewis in Northern California and he will discuss, "What's Happening In Washington."

Fulton Lewis, whose daily broadcasts from the nation's capital are heard by millions of radio listeners, was recently voted America's Number One commentator on national affairs by the members of Congress. He limits his material to national affairs and gathers his news personally.

Tickets for the Fulton Lewis lecture may be obtained through the ticket chairman, Mrs. William H. Mac Laughlin, 347 Crest Drive, San Jose, or by phoning her at Mayfair 2404.

Extra Safety

Tire chains should be applied to the wheels of your automobile when roads get slippery. They help in starting and stopping, and drivers should know how to use them. They should not be applied too tightly and tires never should be deflated to put them on and then inflated to tighten them. When the need for chains is past, they should be taken off to conserve them and to make driving easier and smoother. Even with chains, fast starts and sudden stops should be avoided. Chains should be allowed to provide the extra safety which they can.

LEGAL NOTICES

RESOLUTION OF INTENTION TO SELL REAL ESTATE

It is hereby resolved, ordered and declared by the Board of Trustees of the Campbell Union High School District of the County of Santa Clara, State of California, as follows:

That the property hereinafter described is not now or never will be needed for public use by said Campbell Union High School District. That it is the intention of the said Board of Trustees to sell all the following described real property belonging to said Campbell Union High School District, which said property is situated in the County of Santa Clara, State of California, and is particularly described as follows:

Beginning at a three-quarter inch pipe set at the point of intersection of the Northerly line of Rincon Avenue with the Westerly line of Fourth Street; thence running Westerly along the Northerly line of Rincon Avenue North 89 degrees 51 minutes E. 183 feet to a three-quarter inch pipe; thence Northerly and parallel to the Westerly line of Fourth Street North 0 degrees 30 minutes W. 250 feet to a three-quarter inch pipe; thence Easterly and parallel to the Northerly line of Rincon Avenue South 89 degrees 51 minutes E. 183 feet to a three-quarter inch pipe set in the Westerly line of Fourth Street; thence Southerly along the Westerly line of Fourth Street; South 0 degrees 30 minutes E. 250 feet to the point of beginning.

That the 13th day of March, 1944, at 8:00 o'clock P. M. of said day in the office of the principal of the Campbell Union High School District situated near the corner of Campbell Avenue and the Santa Clara and Los Gatos Road, Santa Clara County, California, (that being the regular meeting place of said Board of Trustees) be and the same is hereby fixed as the time and place for public meeting of said Board of Trustees at which sealed proposals to purchase said parcel of land will be received and considered, and such sealed proposals are hereby invited and will be considered at said time and place, the Board reserving the right to reject any and all such proposals. Said sales will be made for cash, lawful money of the United States, ten per cent (10%) to accompany the bid and balance payable upon delivery of deed.

The proposal or bid shall be enclosed in a sealed envelope addressed to the Board and shall be accompanied by a certified check of some responsible bank, payable to the Board of Trustees of Campbell Union High School District in the amount above required.

It is further resolved and ordered that this Resolution shall be published once a week for three successive weeks in the Campbell Press, a newspaper of general circulation, published in said County of Santa Clara, and that copies of this Resolution duly signed by a majority of this Board be posted in three public places in said district not less than fifteen days before said date of meeting to be held March 13, 1944 as aforesaid.

Passed by the Board of Trustees of the said Campbell Union High School District at a regular meeting held February 14, 1944, by the following votes:

Ayes: Trustees Mr. R. B. Bishop, Mrs. Jessie A. Shelley, Mr. W. N. Lloyd, Mr. J. V. Gomes and Mr. John D. Blaine.

Noes: Trustees none.

Absent: Trustees none.

Signed: Jessie A. Shelley, Clk.

Kite Flying Contest March 31

A kite flying contest will be held at the grammar school on March 31, the day that school closes for the Easter vacation.

Arthur Tindall, physical education instructor, will manage the contest and awards will be given for the most beautiful, the largest, smallest, funniest kites, and for the highest flier and the longest flight.

Students must make their own kites to enter them.

And while on the subject of kites, the P. G. & E. has issued its annual warning not to fly kites near power lines, nor use metal cords, or trying to rescue a kite if it does become entangled in wires.

For Sale—Hollywood bed and mattress, $22. 56 N. 2nd.

Sequoia Cherokees Win Tournament; Buc Wrestlers Tie for Third Place

Wrestling matches held last Saturday proved interesting for spectators. The Sequoia Cherokees came in first with 35 points. Salinas and Campbell tied with six points for third place, only after San Jose came in second with 25 points. Fremont of Oakland was next with five; last was Lincoln with three points.

It was a two-way battle between Sequoia and San Jose. In the finals of five matches, Sequoia took all five of them.

All the bouts were fairly well matched, but some of the elimination bouts had more action than the finals.

One of the top affairs was the match between Fama and Guardino, Fama winning by a close decision of 5 to 3.

One of the big surprises of the day was, when Lincoln's Ken Johnson in the 175 pound class, lost to Nicholson of Fremont. Nicholson went on to defeat O'steen in the finals.

The prep wrestling season ends next Saturday with the annual Grattan tournament at the State College gym.

Results of last Saturday's tournament follow:

95 pounds—Gales (Seq) def. Crippen (S). Decision, 10-0.

105 pounds — Fitts (Seq) def. Shouse (SJ). Fall, 1:59 second period.

115 pounds—Rothwell (SJ) def. Olifer (L). Fall 1:30, first period.

125 pounds—Payne (Seq) def. Jackson (SJ). Decision, 8-1.

135 pounds—Payne (Seq) def. Johnston (SJ). Decision, 12-3.

145 pounds — Fama (SJ) def. Schmeckle (Sal). Decision, 5-0.

155 pounds—Maynard (Seq) def. Bardin (Sal). Decision, 5-3.

165 pounds—Davis (Seq) def. Caruso (Camp). Decision, 5-0.

175 pounds — Nicholson (Fre. Oak) def. O'steen (Camp). Fall 1:08, second period.

185 pounds—Dunlop (Seq) def. Tobin (SJ). Fall 1:55, first period.

Heavyweight—Wilson (SJ) def. Buell (Seq). Fall, second period.

Servicemen's Column

Looking over the records, it seems as though Campbell High is very well represented in Uncle Sam's armed forces.

Recently home on leave were Joe Benevento, Seaman 1st Class; Private Ed Tressler, U.S.M.C.; and Private First Class Robert White, U. S. Army.

Carl "Cubby" Field, needing no further introduction, has just graduated from Wooster College, Ohio, and from there he goes to Helena, Montana, for further Navy pilot training.

Ray Applegarth, who just recently joined the Navy, is now taking his boot training at Farragut, Idaho. Says everything's fine but the coffee.

So far the only Campbell representative in England is Eugene Green, flying radioman.

Another of our many representatives in the Army is James Rambo, now taking pre-officers training for engineers at Texas A & M. Also in the Lone Star state taking officers training is Frank Savstrom, wearing Navy Blues.

We close for this issue, but please don't feel hurt if your best pal, sweetheart, or otherwise has been overlooked. Just drop us a line in the "Letters to the Editor" box in the office giving full particulars, including address and what he is doing, and we promise you it will follow in the next issue.

C.S.F. Takes in Nine; Election to be Soon

All the students eligible for the C.S.F., those with 10 points or more, have filled out their applications. Second semester members of the Scholarship Federation are Nina Page, Wayne Buck, Elizabeth Freyschlag, Diana Mussat, Bill Page, Marceline Benech, Doralie Anderson, Alice Jensen, and Doris Raggio.

A meeting will be held very soon to elect new officers and award certificates and pins to new members. The present executive group includes Derk Johnson, president; Diana Mussat, vice-president; Doris Raggio, secretary.

Diana Mussat, Commissioner of Scholarship, gave a talk on scholarship to Mr. Simond's Orientation class for the mid-term freshmen on Tuesday, February 29.

Adviser of the group is Miss Mary Lewis.

HOOP SEASON SUMMARY

Total points made	231	232
Total against	191	264
Total 6 won, 4 lost		3 won, 7 lost

Block C Society Being Organized

Getting under way rapidly is the Block C Society of Campbell High. Formed to promote athletics and good sportsmanship, the Society is going to elect five committeemen to work up a constitution and a set of governing rules. These rules will determine the wearing of blocks and other activities.

Those eligible are the managers and players who have earned blocks in any sport. Yell leaders are not eligible. The group is to be a service club and will be in charge of many activities, one of these being the Boys' Jinx. Being entirely separate from the Boys' League, the club's advisers are Coaches Walter Hill and R. E. Noddin. Recommendations will be made to council for changes in the block award system, and for other needs.

Members of the society are Bob Amaro, Wayne Buck, Cyril Barbaccia, Neil Caruso, Bill Courtney, Larry Cowper, George Del Grande, Ralph Bogner, Frank Dardanelli, Stanley Flesher, Ray Fish, Gilbert Furtado, Lowell Grattan, Surby Guardino, Merrill Grim, Edward Gatto, Bob Hall, Bill Hill, Bill Harrison, Rex Jeffers, Dewey Kosich, Neil Kennedy.

Jim Kennedy, Franklin Livingston, Richard Lloyd, Joe Malvini, Tom Miranda, Chet Linden, Mervyn Nelson, Bob Magnuson, Al McQueen, Tom Nichols, Derrol O'steen, Alfred Pregliaco, Pete Ragus, Rudy Ricci, Frank Shephard, Ed Steele, Douglas Strong, Merrill Turpin, Darvin Skaggs, Bill Wilson, Floyd Williamson, Anthony Vicari, Roy Zimmer, Chuck Howe, Dave Keesling, John Linden, Dick Metz, Frank Smith, and Don Smith.

Norva Ingram Elected Freshman President

Because of the close competition, a re-vote was recently taken to complete election of freshman officers. Norva Ingram won over Ronald La Mar by a narrow margin. That made Norva president of the Freshman Class for the rest of this term.

Richard Villafuerte will move into the vice-president's chair, having defeated Doralie Anderson in the re-vote.

For business manager, Wayne Buck won over Barbara Putnam, and Ernest Ray defeated Frank Shepherd for sergeant-at-arms. The first election of secretary still stays the same, as Glenna Applegarth won over all other candidates for the office.

Cadet Officers Named By Lt. Walter Hill

Six commissioned officers now lead their respective units when the Campbell High Cadets go into action.

Captains named recently by Lt. Walter E. Hill, who directs the training program here, are Douglas Strong and Bill Smith. The rank of first lieutenant has been conferred on Floyd Williamson and Larry Hansen, and second lieutenancies have been granted to Bob Magnuson and Bill Page. Strong, Williamson, and Magnuson are in charge of Company E, which trains in the morning, and the other three officers lead Company F.

The group of 215 trainees are divided into six platoons. For Company E the platoon leaders are Bob Magnuson, assisted by LeRoy French; Jack Farnham, with Herbert Parks assisting; and Alfred Pregliasco, aided by Lawrence Hartley.

Company F leaders are Bill Page, with assistant Al McQueen; Frank Dinapoli, with Richard Stephens as his aide; and Roy Shideler, backed by Charles Willings.

- Items In Brief -

Tuesday evening, March 7, with Eva Dahl, noble grand, presiding. Lovely refreshments were served by the committee, after which drill practice was held. The committee for next regular meeting will be Jessie Silberbauer, Angela Quentin and Edith Soutar.

Grady Williams, North 1st street, Campbell, lost five gas coupons and Marshall Rigsbee, Rt. 1, Box 354Y, lost four, when the West Side rationing board issued penalties for driving over 35 miles per hour.

Merlin Bohnett, who before his call to service was manager of the Hester branch of the Bank of America and since his release has assisted in banks in San Francisco and the Peninsula, has accepted a position as assistant secretary of the Surety Building and Loan association at 285 South First street in San Jose.

Melvin De Selle is now wearing sergeant's stripes as an officer in the 7th Statistical Control unit at the Santa Ana air field. George Shank, son of Mr. and Mrs. L. C. Shank, is at the same base.

Nine Kiwanis members and their wives are going to Los Gatos Friday evening to join with their neighboring club in its 20th anniversary of charter night.

Mr. and Mrs. Ralph Hyde went to North Hollywood Friday to welcome a granddaughter, Kathleen Sue, who was born to the Homer Hydes Monday morning.

Adah Rebekah lodge met

Pfc. Robert Ferro, who has been stationed at the Prisoners' of War camp at Camp Roswell, N. Mexico, is home on furlough visiting his parents, Mr. and Mrs. Antone Ferro, and other relatives.

Cpl. Paul Miller, whose home is in Kansas, had been visiting his cousins, Mr. and Mrs. J. E. Murdock. He left Tuesday night to report at Hamilton field. He has been accepted as a cadet in bomber pilot school. In civilian life Miller held a pilot's license, but has been with a ground crew serving in the Aleutians and South Pacific. Tuesday evening a group of friends enjoyed a no host pot luck dinner at the Murdock home in his honor.

Word from Harvey Wood who was studying engineering in the army specialized training program at Fort Benning, Ga., tells of transfer to the 397th Infantry, 100th division, as a machine gunner, training at Ft. Bragg, Fayetteville, N.C. The change was due to the discontinuance of the specialized training program for all but a few classes.

In this 32-page booklet are many "trouble shooting" suggestions and many, many homey hints on how to keep your appliances working at peak performance, through care to avoid repair.

Your appliances will have to work as never before in '44. You will be doing more laundry at home. Gasoline rationing means you will have to buy food in larger quantities when you shop. You will be doing more cooking and all of your housework. Last year this company brought out the first edition of the booklet, "The Lady of the House and Her Mechanical Servants." We distributed many thousands of copies. But apparently this amount was not enough. Now we have printed a second edition. If you have not received a copy of this booklet or cannot find the one you got last year, come into any company office today and get your FREE copy.
